Professional Summary

Full-Stack Web Developer and Croatian Army veteran with extensive experience in training adults. Recently earned a certificate in full stack development from the University of Toronto, with newly developed skills in JavaScript, NodeJS, and responsive web design. Known as a very organized and efficient communicator who successfully led the platoon of soldiers in the ISAF mission in Afghanistan. Passionate about educating and uplifting beginner level students at any area of education. Excited to leverage his skills as part of an optimistic, quality-driven team of instructors to bring the coding knowledge to inquiring minds.

Technical Skills

- HTML5, CSS, Bootstrap
 - JavaScript, jQuery, AJAX, NodeJS, Express, MySQL, MVC
